

# ENVIRONMENTAL HEALTH AND SAFETY

# SUMMIT

Brought to you by:

## Attendee Event Program Book

## 2021

# PRE-EVENT PREP

Complete this checklist before the event

Print out this Program Book, you will need it for the event

---

Complete the Prep Questionnaire on the next page

---

Develop your personalized event agenda

---

Test and review the technology recommendations and requirements

---

Visit the event website at [www.ehssummit.com](http://www.ehssummit.com)

---

Review the information on the website about the event, sessions, session types, and speakers

---

Send any questions you have to [kkrol@arpminc.org](mailto:kkrol@arpminc.org)

---

Solidify a space where you can attend the event via webcam with minimal disruptions

---

Get excited, brew your coffee, and gear up for a great event!

---

# PRE-EVENT PREP

Prepare by answering the following questions:

**My primary goal during this event is to:**

---

---

**One recent success at work is:**

---

---

**At work, one thing I am great at (be as specific as possible):**

---

---

**One thing at work I do that I believe is unique or different from others:**

---

---

**One challenge/issue I am still working on (this is your question to take to Peer Networking!):**

---

---

**Three people I want to meet or interact with:**

1.

---

2.

---

3.

---

# EVENT AGENDA

*All times are EDT*

## MAY 26

- **11:00 AM** – Introduction and Welcome
- **11:15 AM** – The Safety Training Ninja
- **12:45 PM** – Peer Networking
- **1:30 PM** – Understanding your Environmental Responsibilities
- **1:30 PM** – From the Legal Perspective: PPE and Vaccinations in the Workplace
- **2:30 PM** – Mill Safety Panel
- **2:30 PM** – Safeguarding for Modern Manufacturing
- **3:30 PM** – How to Establish and Emergency Action Plan
- **4:30 PM** – Open Networking

## MAY 27

- **11:00 AM** – How to Conduct a Cyber Risk Assessment
- **12:30 PM** – Federal OSHA Standards and the Biden Administration
- **1:30 PM** – Handling Safety-Related Work Stoppages in the Time of COVID-19: A Review of Law and Best Practices
- **2:30 PM** – The Looming Safety Crisis: Mental Health in the Workplace
- **3:30 PM** – EHS Awards and Best Practices Discovered

# Peer-to-Peer Networking Instructions

**The Peer Exchange Roundtables will be held on Zoom. Here is how it works:**

**Introductions:**

- Go around the group and introduce yourself - Name, Title, Company

**Table Leader:**

- Select or volunteer one person from your table to be the table leader. The table leader is responsible for selecting the individuals to share their questions and keeping the discussion going

**Questions and Discussion:**

- One-by-one, your table leader will select a one individual to share their question. Read it aloud to the group. Your table will begin sharing their answers or experiences as it relates to that question.
- Use the space given in this packet to document takeaways you receive from these discussions.
- Once that conversation has been exhausted or the owner of the question has his/her answer, your table leader will select a new question.
- Read. Answer. Repeat until time is called.

# EHS Safety Awards & Best Practices Discovered

The 2021 Safety Awards will be given out based on OSHA 300's Log of Work-Related Injuries and Illness Statistics and Safety Best Practices as voted on by the membership.

Then we will move into our Best Practices Discovered.

This is an opportunity to share with other attendees what your best takeaways from this event are. It is a dedicated time to do a final event recap and create a list of tangible changes you can take back to your organization.

This discussion will be led by event staff, so come with at least one takeaway from one of the sessions to share. To help keep your takeaways in one place, you can utilize the section on each notes page to make note of your best practices discovered for each presentation.

# The Safety Training Ninja

Regina McMichael, The Learning Company

**Notes from the Session:**

---

---

---

---

---

---

---

---

---

---

---
